

- Outdoor DAS Antennas for LTE
- HF Antennas for Military and Public Safety
- Specialty antennas for Military

- Mission Critical IP Dispatch Consoles

- Mobile and Base station antennas for Land Mobile, Amateur, Marine, Wireless Internet, GPS & OEM

- Communications Shelters

- Mission Critical IP-Enabled Voice Logging Recorders

- Ergonomic Console Furniture for Mission Critical 24/7 Command & Control and 911 Dispatch
- Greenguard and LEED Certified
- Manufactured using Sustainable Processes

GENERAL DYNAMICS

SATCOM Technologies

- RF Communications Systems Analyzers for Analog and Digital, including APCO Project 25, TETRA, DMR/MotoTRBO and NXDN

- Land Mobile, Avionic & Marine Radios for Public Safety and Business & Industry
- IDAS 6.25 NXDN Digital Radio System
- APCO P25 Digital Radios and Systems
- Conventional & Trunked Systems

- Interoperable RF portable repeaters for Public Safety
- Trans-mobile and Base Satellite Radio Telephones

- Instant Mobile Wireless Network solutions and products for critical mission applications
- Mobilicom is the leading company in the field of instant mobile 4G broadband communications

- LED Emergency Vehicle Lighting
- New LED Lightbars for Public Safety

- Single & Multi-Band Antennas for Public Safety and Commercial LMR, Cellular, LTE, GPS & Data
- In-building WiFi and Cellular/LTE Antennas antennas
- M2M & OEM Antennas

- PowerTrunk is delivering next-generation Land Mobile Radio solutions for voice/data communications in P25/LTE/TETRA

- Public Safety – Practical solutions for disparate networks interconnecting Police, Fire, EMS and Dispatch
- Commercial – Customer specific solutions for Mobile Radio Networks
- VoIP/RoIP Solutions
- "Legos" for Radio System Engineers

- RF Test Equipment for LMR and Public Safety
- Spectrum Analyzers
- Antenna & Cable Analyzers
- High-performance Receiver for Interference Analysis

- Radio Communications Accessories for Public Safety, Military and Business & Industry
- Voice Amplifiers for Mass Decontamination Suits, with or without radio connections

- Carrier-grade IP Microwave Broadband Point-to-Point and Point-to-Multipoint Systems
- Broadband applications for high-capacity backhaul of voice, data & video
- Unlicensed & Licensed frequency bands, including 4.9 GHz for Public Safety

- A leading provider of high-performance satellite and hybrid terrestrial broadband equipment & services for public safety and government

- High Quality Waterproof Speaker/Microphones for all brands of two-way portable radios
- Throat mics and ear pieces

- Remote Site Equipment Monitoring Solutions for Public Safety and Commercial Communications Systems

- Radio System Equipment for LMR, SMR, Cellular, Paging & Broadcast services
- Transmitter Combiners
- Receiver Multicouplers
- RF Filters & Cavities
- Duplexers
- Heavy-duty Base Station Antennas – Dipole, Discone, Collinear and Yagi
- Test Equipment
